

CONVEYORS

Volumetric Technologies designs and manufactures the highest quality conveyor equipment in the industry to meet a wide variety of needs. Precision made and built to last, our equipment combines innovative features customized for a perfect fit every time. Volumetric Technologies: experienced, agile, and leading the way in packaging equipment production.

Volumetric Technologies conveyors come in unlimited configurations to fit a variety of needs. Reliable and durable, our conveyors offer innovative features and the option of customization.

- ▶ Table Top Conveyors
- ▶ Belt Top Conveyors
- ▶ Gap Transfer Conveyors
- ▶ Compression Conveyors

Our quality-built stainless steel Conveyors are available in standard open top, closed top, and hygienic designs. All conveyors are smartly designed with easy wash down in mind, with several optional features to fit a variety of needs.

FEATURES

- ▶ Stainless steel legs and levelers
- ▶ Straight running and side flexing chain models
- ▶ Stainless steel bearings
- ▶ Direct drive – hollow bore gearbox / motor combinations
- ▶ Variable speed frequency drives

OPTIONS

- ▶ Table top and belt styles
- ▶ Single, tandem, or solid rails
- ▶ Custom rail mounting
- ▶ Stainless steel casters for mobility
- ▶ Closed top construction
- ▶ Closed top hygienic construction

PROVIDING INNOVATIVE CONVEYING SOLUTIONS

GAP TRANSFER CONVEYORS

Our Gap Transfer Conveyors transfer your filled or empty containers from one standard conveyor to another by gripping the sides of the container as it is transferred. This unique transfer process leaves the bottom of the container open and available for either inkjet or laser code dating without stopping or slowing down the filling or capping process. This innovative design facilitates downstream inspection of the code dating.

FEATURES

- ▶ Aluminum or Stainless steel construction
- ▶ Fixed or adjustable height machine frames
- ▶ Variable speed

OPTIONS

- ▶ Digital counters for setting belt width
- ▶ Digital speed indicators
- ▶ Stainless steel control enclosures
- ▶ Print head mounting

COMPRESSION CONVEYORS

Our quality-built Compression Conveyors are designed primarily for the meat and bakery industries. All conveyors are smartly designed with quick release belts for easy wash-down in mind, with several optional features to fit a variety of needs.

FEATURES

- ▶ Stainless steel construction
- ▶ Stainless bearings
- ▶ Stainless gearboxes and motors
- ▶ Variable speed
- ▶ V-grooved straight running belting and pulleys
- ▶ Adjustable height
- ▶ Quick release belting
- ▶ Adjustable compression height
- ▶ Adjustable compression angle of top belt
- ▶ Guarded with interlock cover
