

TRANSFER PUMPS

Volumetric Technologies designs and manufactures the highest quality transfer pump equipment in the industry to meet a wide variety of needs. Precision made and built to last, our equipment combines innovative features customized for a perfect fit every time. Volumetric Technologies: experienced, agile, and leading the way in packaging equipment production.

Our Transfer Pumps are designed to gently transfer your delicate or shear-sensitive products to your filling, depositing, or processing line without product degradation. Our transfer pumps are easy to clean and do not require tools to disassemble or assemble.

FEATURES

- ▶ Constructed from 316L stainless steel and USDA/FDA approved materials
- ▶ Pneumatically operated
- ▶ Gentle on shear-sensitive products
- ▶ Quick tool-free assembly and disassembly
- ▶ Available in 2", 3", and 4" port sizes
- ▶ Custom tanks to fit your application
